

BEETLE cryptocurrency

WooCommerce plugin installation guide

Follow the steps bellow to install the plugin in your Woocommerce store and start accepting payments in BEETLE cryptocurrency.

1 Download plugin

Download the plugin from the official BEETLE COIN website, over the following link:

<https://beetlecoin.io>

Always download plugin from a verified source!

2 Install plugin

To install the plugin, navigate to [Plugins/Add New](#) in the main navigation. After that, press “Upload plugin” and choose file “woocommerce-beetle-coin.zip” in the upload form. Press “Install Now”.

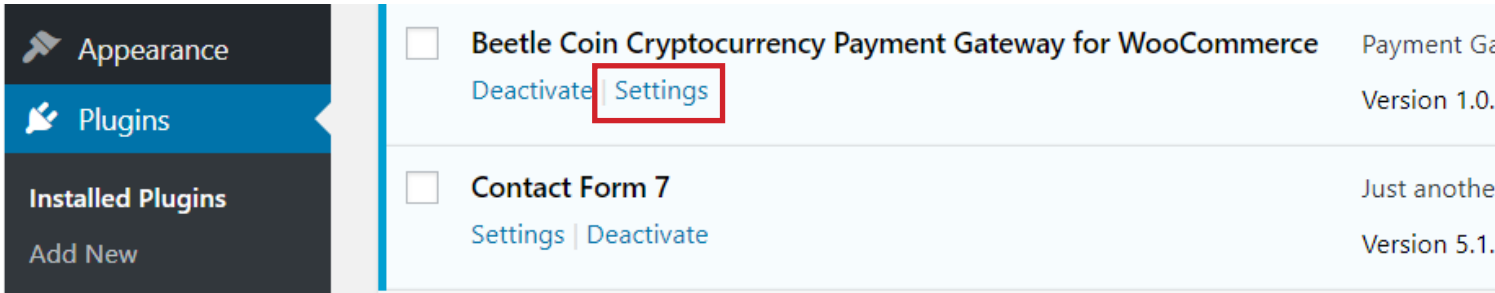

Once the plugin is installed successfully, press the button “Activate Pugin”.

3 Configure settings

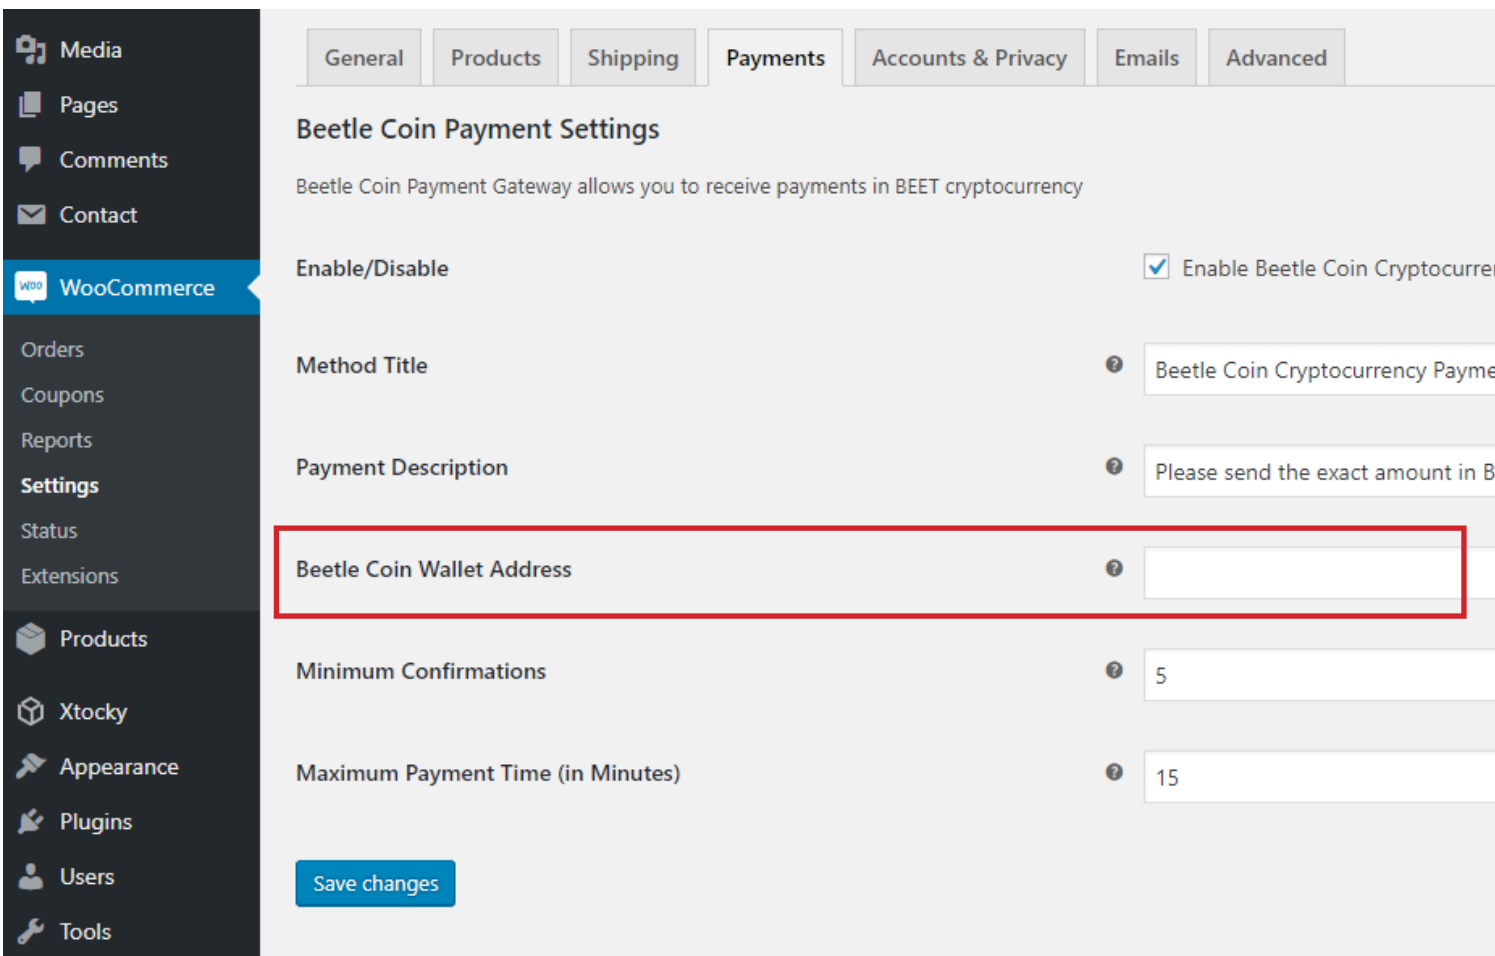

Before you start accepting payments, you need to configure settings with a payment address. In the list of plugins, click on “Settings” link.

On settings page, all settings are predefined with optimal configuration, however, you can change them according to your preferences.

The main area shows a list of installed plugins. The first plugin is 'Beetle Coin Cryptocurrency Payment Gateway for WooCommerce', which is currently disabled. The 'Settings' link for this plugin is highlighted with a red rectangular box. Below it is the 'Contact Form 7' plugin, which is also disabled, with its 'Settings' and 'Deactivate' links visible.

Add your BEETLE address in the field “Beetle Coin Wallet Address” and save settings. Make sure that you only use this address for receiving payments on your e-commerce store.
